Docket No. F-02-2018-5105

Ms. Vilma Hampton
Dr. Leonard's Healthcare Corp.
100 Nixon Lane
Edison, NJ 08837

**Re: Notice of Warning for Violation of the Federal Insecticide, Fungicide,
and Rodenticide Act to Dr. Leonard's Healthcare Corp.**

Dear Ms. Hampton:

This Notice constitutes a warning pursuant to Section 9(c)(3) of the Federal Insecticide, Fungicide, and Rodenticide Act, 7 United States Code (U.S.C.) § 136g(c)(3), and notifies you that the United States Environmental Protection Agency (EPA) has reason to believe that you are in violation of **Section 12(a)(1)(F) and Section 12(a)(1)(A)**.

On January 31, 2018, EPA inspectors conducted an inspection inside the warehouse of Dr. Leonard's Healthcare Corp., located at 100 Nixon Lane, Edison, NJ. The inspectors observed that the pesticide devices "**Mole Repeller**" (item # 80063), "**Riddex Sonic Plus Pest Repeller**" (item # 46650), and "**Ninja One Shot Home Zapper**" (item # 87817) failed to meet the following packaging labelling requirements under 40 CFR 156.10 (f):

- The producing establishment registration number preceded by the phrase "EPA Est.", of the final establishment at which the product was produced may appear in any suitable location on the label or immediate container. It must appear on the wrapper or outside container of the package if the EPA establishment registration number on the immediate container cannot be clearly read through such wrapper or container.

The EPA requests that you remove the three aforementioned pesticide devices and products from your website and do not offer the items for sale until the items come into compliance with FIFRA.

This letter represents a formal Notice of Warning, issued pursuant to Section 9(c)(3) of the Federal Insecticide, Fungicide, and Rodenticide Act. Please inform us in writing within **30** days of receipt of this Notice of Warning of the corrective action you plan to take. Your reply, with supporting documentation, should be sent to:

Audrey Moore
Team Leader, Pesticides Team
